TOWN CLERK'S REPORT

TOWN OF COHASSET

REPORT OF THE ANNUAL TOWN MEETING

HELD MARCH 5, 1966

At the Annual Business Meeting held at the Joseph Osgood School at 2:00 o'clock P.M., March 5, 1966, the following articles were contained in the Warrant and acted upon as recorded.

Checkers previously appointed by the selectmen for the entrance and sworn in by Town Clerk Charles A. Marks at 1:15 P.M. were Mary Isabelle Ainslie, Margaret E. Buckley, Barbara A. Williams, Mary A. Fiori, Margaret C. Hernan and Marjorie Wilbur.

Tellers appointed by the Moderator and sworn in by the Town Clerk at 2:00 P.M. were John L. Emery, Edward E. Tower, Arthur L. Lehr, Jr., and Thomas J. Silvia.

The number of voters present as checked on the incoming voting lists was 920.

The invocation was given by Rev. Robert L. Campbell.

Article 1. Voted that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

Article 2. Voted that the reports of the various Town Officers as printed in the Annual Town Report for the year 1965 be and hereby are accepted.

Article 3. To hear the report of any committee heretofore chosen and act thereon.

SCHOOL FACILITIES COMMITTEE

The School Facilities Committee will render a detailed report at a later Special Town Meeting, therefore the committee moves that their report on page 68 of the

Town Report be accepted and the Committee continued.

Voted that the committee report be accepted and the committee be continued.

HARBOR DREDGING COMMITTEE

The committee reported progress and wishes to be continued.

Voted to accept the committee report and the committee be continued.

INCINERATOR COMMITTEE

The committee reported that their work is completed and wishes to be discharged.

Voted that the Incinerator Committee report be accepted and the committee be discharged with a vote of thanks.

AMMUNITION DEPOT COMMITTEE

The committee reported progress and wishes to be continued.

Voted that the committee report be accepted and the committee be continued.

COMMITTEE TO CONSOLIDATE THE BEECHWOOD AND NORTH COHASSET FIRE STATIONS

The committee reported progress and wishes to be continued.

Voted that the committee report be accepted and the committee be continued.

Article 4. Voted that the report and recommendations of the Personnel Committee with respect to amending the Personnel Classification By-Law Schedule be and hereby is accepted and said By-Law Schedule hereby amended by inserting, adopting and substituting the following schedule for the schedule heretofore adopted:

Article 7. Voted that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1966 and January 1, 1967 in accordance with the provisions of General Laws, Chapter 44, Sec. 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Sec. 17.

Article 8. Voted, that the sum of \$819.95 be and hereby is appropriated from available cash in the Treasury being the unexpended balance of the Dog Fund received from the County for Dog licenses, in accordance with Chapter 140, Section 172 of the General Laws, to be expended for the support of the public schools.

Article 9. Voted that there be and hereby is appropriated from available cash in the Treasury for the use of the Assessors in fixing the tax rate for the ensuing year, a sum not exceeding \$50,000.00 as the Assessors in their discretion may determine advisable.

Article 10. Voted that the sum of \$20,000.00 be and hereby is appropriated from reserve fund overlay surplus for the establishment of a reserve fund for the year 1966.

Article 11. Voted that the sum of \$800.00 be and hereby is raised and appropriated for the purpose of maintaining during the ensuing year, the mosquito control works and improvement of lowlands and swamps as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article 12. Voted that the Town of Cohasset, acting under the jurisdiction and provisions of Chapter 252 of the General Laws as amended, join in the South Shore Mosquito Control Project in conjunction with the City of Quincy, and other towns joining therein and that the sum of \$4,200.00 be and hereby is raised and appropriated for the purpose of paying Cohasset's share thereof, the funds to be paid to the Massachusetts Reclamation Board in the discretion of the Board of Selectmen if sufficient other municipalities join to justify such action.

Article 13. Voted that the sum of \$451.00 be and hereby is raised and appropriated to be used with the balance of prior unexpended appropriations for the Town's proportionate cost for the control of insect, vegetable and animal life in Strait's Pond for 1966 as advised by the State Reclamation Board and as provided by Chapter 557 of the Acts of 1955 as amended.

Article 14. Voted that this article be indefinitely postponed.

Article 15. Voted that the Town Assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapter 5, Acts of 1955, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for

the improvements, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tide-waters, foreshores, and shores along a public beach outside of Boston Harbor, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Article 16. Voted that the sum of \$18,209.00 be and hereby is appropriated from available cash in the Treasury for the use of the South Shore Regional School District for 1966 to pay Cohasset's share of assessment for the South Shore Regional School District.

Article 17. Voted that the sum of \$1,460.00 be and hereby is raised from available cash in the Treasury for library maintenance this sum being received from the State Aid for Free Public Libraries in accordance with General Laws, Chapter 44, Section 53 and Chapter 78, Section 19A.

Article 18. To see if the Town will vote to amend its existing Zoning By-Law and Zoning Map by deleting the same in their entirety and substituting therefor a new Zoning By-Law and new Zoning Map.

The Planning board made their report to the town meeting in favor of this new Zoning By-Law.

The Moderator called for a ballot vote with the use of the check list and the following vote was declared:

Yes, 492 - No, 369

Article was defeated, failing to reach the two thirds vote by 82 votes.

At 6:00 o'clock P.M., a motion was made, seconded and so voted that this meeting be adjourned until Monday, March 7, 1966 at 8:00 P.M.

MONDAY, MARCH 7, 1966

Checkers previously appointed by the Board of Selectmen and sworn in by the Town Clerk reported for work at 7:15 P.M. Additional checkers appointed and sworn in at 8:00 P.M. were Elizabeth E. Silvia and Mary Jeanette Murray. An additional teller appointed by the Moderator and Sworn in by the Town Clerk was Robert A. Leonard.

The Moderator called the meeting to order at 8:15 P.M. The number of voters present as checked on the incoming voting lists was 671.

The Moderator stated that Article 24 should be acted upon at this time.

Article 24. Voted that the Town be and hereby is authorized to accept all sums available to it from the Commonwealth of Massachusetts in accordance with the provisions of Chapter 679 of the Acts of 1965, Section 5 and that the sum of \$5,863.52 be and hereby is appropriated from the aforementioned funds received or to be received from the Said Commonwealth of Massachusetts.

RESOLUTION OFFERED BY GILBERT S. TOWER

Resolved--That the Selectmen and the Highway Surveyor be respectfully requested to arrange for a public hearing which they will call in the latter part of July 1966, also in July of succeeding years, the general purpose of the hearing to be to consider and discuss the streets of the town and in particular to discuss the objectives or uses for which Chapter 90 and Chapter 679 money will be requested by the Selectmen in September, 1966 at the regular meeting of Norfolk County town representatives to be held in Dedham, at which meeting the towns will make their requests for Chapter 90 money.

Resolution defeated by a voice vote.

Article 19. Voted that the sum of \$5,500.00 be and hereby is appropriated from available cash in the Treasury for the reconstruction, resurfacing, and installation of necessary drainage on the remaining part of Doane Street to Scituate Line, Church Street and the end of Beechwood Street to Ammunition Fence and on Doane Street North to Ammunition Fence.

Article 20. Voted that the sum of \$6,000.00 be and hereby is appropriated from funds received or to be received from the Commonwealth of Massachusetts in accordance with the provisions of Chapter 679 of the Acts of 1965, Section 5 for the reconstruction, resurfacing, and installation of necessary drainage on Norfolk Road, Hill Street and Short Street.

Article 21. Voted that the sum of \$1,500.00 be and hereby is appropriated from available cash in the Treasury for reconstruction and resurfacing of existing sidewalks in need thereof.

Article 22. Voted that the sum of \$6,000.00 be and hereby is appropriated for Maintenance of Highways under Chapter 90 of the General Laws and to meet said appropriation \$2,000.00 be and hereby is raised and appropriated from available funds in the Treasury to meet the Town's share thereof.

Article 23. Voted that the sum of \$14,000.00 be and hereby is appropriated for Chapter 90 Highway Construction for Forest Avenue, \$3,500.00 be and hereby is appropriated from funds received or to be received from the Commonwealth of Massachusetts in accordance with Chapter 679 of the Acts of 1965, Section 5 to meet the Town's share thereof.

Article 25. Voted that the sum of \$10,629.00 be and hereby is appropriated from available cash in the Treasury for the purchase and equipping of a new ambulance.

Article 26. Voted that the Section 4 of Article 16 of the present By-Laws of the Town be and hereby is amended by striking out Section 4 and inserting in place thereof the following: No person shall remain upon a sidewalk in such a manner as to obstruct the free passage of foot travelers nor shall any person loiter upon any sidewalk or upon any way, public or private, or other area or place including parking areas, to which the public has a right of access, or upon an area designated or known as a park, or upon any other area owned or under the control of the Town after being requested to move on by a police officer of the Town. Whoever violates any provisions of this section shall be liable to a penalty of not more than \$20.00 for each offence.

Article 27. Voted that the sum of \$2,500.00 be and hereby is appropriated from available cash in the treasury for cleaning, repairing and otherwise improving the flow of Aaron River to decrease the incident of flooding.

Voted that the Aaron River Committee be continued.

At this time the Moderator skipped over article 28 to complete other articles in the warrant and then take up Article 28 as the last article.

Article 29. Voted that the article be postponed pending a report of a committee of interested persons appointed by the Recreation Commission. A report of the findings of this Committee will be made at the next annual town meeting by the Recreation Committee.

Article 30. Voted that this article be indefinitely postponed.

Article 31. Voted that the following be and hereby is approved as an additional By-Law to be numbered as Section 27 of Article 16 of the By-Laws of the Town: "No person shall have more than one unregistered automobile or truck ungaraged on his premises in a residential district at any one time unless authorized by the Board of Selectmen. In no event shall an unregistered, unsightly automobile or truck be stored in the front yard of any resident in a residential district. A violation of this section shall be punishable by a fine of not more than \$20.00.

Article 32. Voted that the Board of Selectmen be and hereby is authorized to apply for Federal funds through the Regional Administrator of the Housing and Home Finance Agency under the provisions of Public Law 560, 83rd Congress, as amended, and that the Board of Selectmen be and hereby is authorized to expend the same for a Town Drainage System Study in all its various phases, with the understanding that the Town will reimburse the Federal Government for that proportional part of the cost of the study allocated to a particular drainage project if, and when, the particular drainage project is subsequently voted by the Town, said Study to be made by an engineer approved by the Regional Administrator, and that the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to accept and expend the Federal funds for the purpose of having said Study made for the Town of Cohasset.

Article 28.

I (a) Moved: That the Town hereby authorizes and empowers the Board of Sewer Commissioners to lay out, construct, maintain and operate a treatment plant, a system of main drains and or common sewers, interceptor sewers, street service connections, other connections and other works and/or construction as may be required for a system of sewerage, drainage and sewage disposal pursuant to and in accordance with Chapter 65 of the Acts of 1962 as amended, and all applicable provisions of the General Laws so far as not inconsistent with the special act, and in general accordance with phases (1) (2) and (3)a as outlined in report of Fay, Spofford & Thorndike, Inc. Engineers in the year 1961 said phases (1) (2) and (3)a being shown on plans prepared by said Fay, Spofford & Thorndike, Inc., Engineers on file at the office of the Town Clerk and as such plans shall be amended or perfected, provided all such plans shall have the prior approval of the Massachusetts Department of Public Health; and that the Board of sewer commissioners be and hereby is authorized and empowered to (1) take by eminent domain under Chapter seventy-nine of the General Laws or acquire by purchase or otherwise, including provisions of Chapter 83 of the General Laws, any lands, water rights, rights of way or easements, public or private in said town which may be necessary for accomplishing any purpose mentioned in said act; and (2) to make such contracts and to execute on behalf of the Town all necessary documents or instruments and employ such engineers and other agents and procure such additional plans and purchase such material and do such other acts as they shall deem necessary or advisable in carrying out the foregoing purposes.

The Moderator called for a yes and no voice vote on the motion and declared that the article had passed. Seven citizens questioned the vote and a hand vote was taken. The following vote was declared:

YES, 315; NO, 309.

I (b) Moved: That the Town of Cohasset shall pay the entire cost of the treatment plant and interceptor sewers including all related expenses and shall pay a sum equal to $33\frac{1}{3}$ percent of any and all costs of installing street sewer mains and street service connections including

all related expenses; the remaining portion of the cost of the system shall be provided for by assessments upon the owners of land abutting on that part of any way in which a sewer is constructed by means of any and all of the methods permitted by the General Laws, and the provisions of said General Laws relative to the assessment, apportionments, division, reassessments, abatement and collection of sewer assessments, to liens therefore and to interest thereon shall apply to assessments hereunder.

The Moderator called for a yes and no voice vote on the motion and declared that he was in doubt. He then ordered the tellers to take a hand vote. The following vote was declared and the motion was defeated:

YES, 304; NO, 319.

Voted that the Public Sewerage System Study Committee be continued and the balance of action on this article be indefinitely postponed.

Voted unanimously by a voice vote at 10:45 p.m. that this meeting be dissolved.

ATTEST:

ATTEST: CHARLES A. MARKS, Town Clerk

VITAL STATISTICS
RECORDS OF BIRTHS, MARRIAGES AND DEATHS
RECORDED IN 1966

BIRTHS

Total number of births recorded was one hundred and one, of which twenty-one were delayed returns and corrections of past years. Of the eighty born in the year 1966 all the parents were residents of Cohasset. There were thirty-eight males and forty-two females.

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL.

"Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born." -- General Laws, Chapter 46, Section 6.

Many times returns are made by doctors and hospitals, before a child has been named. Make certain your child's name is recorded.

MARRIAGES

Total number of marriages was eighty-three, including those where both parties were non-residents of Cohasset. Forty-five were solemnized in Cohasset during the current year.

DEATHS

Total number of deaths was seventy-four, including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the fifty-nine who were residents of Cohasset, twenty-five were males and thirty-four were females. There were five delayed return of deaths, two females and three males.

BOARD OF REGISTRARS

Number of registered voters on January 1, 1966	3418
Removed from voting list because of removal to other towns, death and marriage	<u>266</u>
	3152
Added to voting list by registration, etc.	<u>406</u>
Total number of registered voters on January 1, 1967	3558

ENROLLED TOTALS

Republicans	1576
Democrats	726
Unenrolled	1256

Any female who has married during the year must reregister in her married name as her name is automatically removed from the voting list on January 1st., following her marriage.

Any resident not listed in the Census taken by the Board of Selectmen during January and February should inform the Registrars before May 1st.

Meetings for the registration of voters are held at stated times during the year. Notices for these meetings are posted in the Post Offices of the Town and in many other public buildings. Also, residents may register by appointment with the Town Clerk.

Honorable Board of Selectmen
Town Hall
Cohasset, Massachusetts

Mr. George W. McLaughlin and Mrs. Helen E. Scripture:

As Chief of Police of the Town of Cohasset I have the honor to present, in accordance with provisions of Article 3, Section 3 of the By-Laws my final report for the Cohasset Police Department for the year ending December 31, 1966.

I wish to express the department's and my personal appreciation to you and to all Civic organizations for your support during the past forty years.

To Sergeants Thomas B. Kane and Randolph A. Feola and every police officer who has served the Town with me during all of these years, I am most grateful for their loyalty and sincerely hope that they will always recognize the badge of their office as a symbol of public faith and will accept it as a public trust to be held so long as they are true to the ethics of Police Service.

I am deeply indebted to the residents of Cohasset for their continuing acceptance of fair, impartial and courteous enforcement of the laws and the respect shown the police officers by the citizens generally, is indeed gratifying.

The assistance and cooperation of the press, all town departments and other municipal, county, state and federal law enforcement agencies has contributed materially to the operation of this department.

On May twenty-ninth of nineteen sixty seven I will retire as your Chief of Police. I will have had the honor of serving you for forty years, 1 month and twenty-three days.

I know you have heard the words, "THANK YOU" before, ---- BUT ---- they have never been used more sincerely.

Respectfully submitted,
HECTOR J. PELLETIER
Chief of Police
Cohasset, Massachusetts

SEALER OF WEIGHTS AND MEASURES

I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1966.

All weighing and measuring devices have been tested. One hundred and fifty two (152) were sealed and seven (7) adjusted.

The amount of \$261.25 for Sealing fees was collected and paid to the Town Treasurer, Cohasset, Massachusetts.

BENJAMIN F. CURLEY, JR.

Sealer of Weights and Measures

BOARD OF WATER COMMISSIONERS

ANNUAL REPORT - 1966

This year the new standpipe was put into operation, which insures a sanitary method to store water after it has been treated and also to increase the pressure throughout the system.

As the population of the town increases, it becomes necessary to expand the capacity of pumping, treatment and storage areas so to insure an adequate supply of water for the future.

This year the Water Department has signed a contract with Sanitary Engineering Associates, Inc. to make a survey of the future water requirements of the Town of Cohasset. This survey will recommend methods of storing and treating water and the protection of watershed areas. This will be paid for from an interest-free loan from the Department of Housing and Urban Development.

The present water rates were established in 1956. Since then the water system has been expanded, yearly wage increases have been voted. These major items together with inflationary prices of materials and purification supplies make it necessary to increase the water rates beginning with the fiscal year 1967.

The Board of Water Commissioners wish to thank the personnel of the Department for their continued effort and co-operation, the Board of Selectmen and other Town officials for their co-operation and particularly the Board of Health and the Conservation Commission for their assistance in planning for the preserving and expanding the Towns water sheds and water supply.

ARTHUR L. CLARK, Chairman
WILLIAM E. POLAND
ARTHUR SOMERVILLE

REPORT OF THE COHASSET CONSERVATION COMMISSION

Some of the more interesting and important activities in which the Conservation Commission was involved in 1966 are as follows:

Efforts were made during the year to insure that our salt marshes and other important natural resource areas are maintained in their natural state. This is a continuation of our work of previous years and is probably our most important function. Members of the Commission met with land owners of the Gulf and other sections of town and although no final agreements were drawn up during the year, we feel certain the ground work was laid for success in the coming year. It is of interest to note that in a report of the Massachusetts Department of Natural Resources relative to the Coastal Wet Lands of the Commonwealth, the Gulf is considered to be of Priority I importance "representing tide marshes of high resource utilization valuation".

Work to improve Ellms Meadow continues. A committee was formed with representatives of the Conservation Commission, Recreation Commission, Water Commissioners and Garden Clubs and citizens living near the area. A plan to improve the border of the pond was made and the work will be completed next Spring.

The Commission is working closely with the Water Department to make sure that important watershed land is preserved. An engineering survey to delineate these areas was financed by the Conservation Commission and during the coming year stepped up activity in this direction is planned.

Roadside beautification in the form of vigorous opposition to a proposed bill board on Route 3A and requests to milk companies serving the town that they refrain from leaving stacks of milk cases along our streets, was a concern of the Commission during the year.

Members of the Commission have continued to attend, whenever possible, meetings of other town boards, the business of which we consider important to our work. We are pleased to have Mrs. Richard Aroner and John Barrett appointed to the Commission during the year as regular members. Mr. Robert Thompson is serving as an associate member representing the Cohasset schools.

REPORT OF TREE WARDEN - 1966

Most of our street trees are now in fairly good shape, although several dying and dangerous trees were cut in 1966. Trees with deadwood and needing pruning were taken care of all over town. Some work over the wires was done with the cooperation of the Brockton Edison Company.

Little-leaf Lindens were planted on North Main Street opposite the Common, and Scanlon Maples, a variety of upright Red Maples, were planted at St. Anthony's parking lot on South Main Street. A total of twelve trees were planted in 1966.

Roadside grass was mowed in early July on all streets. Every effort has been made to clear brush along our roadsides, particularly on corners.

It is hoped that many of our maples that show deadwood can be pruned this year. Also, it is planned to fertilize the trees on the Common this spring. Anyone noting defects in the public shade trees, or with suggestions for the improvement of the trees or roadsides is asked to call the Tree Warden.

With thanks to the Board of Selectmen and all Town officials and citizens who have aided or cooperated in my work.

Respectfully submitted,

HOWARD BATES

Tree Warden

REPORT OF INSECT PEST CONTROL

SUPERINTENDENT - 1966

Practically no leaf defoliation occurred in 1966 in Cohasset. No Gypsy moths are found in town. Elm leaf Beetles on the Common and elsewhere were controlled with Thiodan and Sevin, fairly safe insecticides. Few cankerworms were present.

Dutch Elm Disease

Only 44 Dutch Elm Disease cases were confirmed from this summer's sampling, a comparatively small number; only 4 to 6 of these could be considered street trees, and only one on Highland Avenue opposite the Common. This indicates that we are quite successful in combatting the disease.

Nearly all free falling trees were cut by January 1; the Brockton Edison Company will assist with several, and the topping of the others will be done in early Spring. Methoxychlor, a recommended safe insecticide was used for all dormant spraying.

Poison Ivy

All poison ivy and ragweed found along our roadsides, and poison ivy on private property reported to the Superintendent was sprayed with Brush Killer with good results.

Anyone noticing rapid wilting or yellowing of elm leaves in July or August is asked to call the Superintendent so that samples can be taken.

Respectfully submitted,
HOWARD BATES
Supt. Insect Pest Control

SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of the Town of Cohasset:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Cohasset for the year ending October 31, 1966.

The Town of Cohasset appropriated \$4200. for mosquito control in 1966. Along with this \$800 was appropriated for maintenance of salt marsh ditches. Both appropriations were expended by the South Shore Mosquito Control Project in effort toward a better control of mosquitoes in the Town of Cohasset.

The South Shore Mosquito Project functions under Massachusetts General Laws Chapter 252 Section 59 mosquito control provisions and Chapter 112 salt marsh ditch maintenance. It is a cooperative effort embracing the City of Quincy and the Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a total area of 172.21 square miles, serving a population in excess of 223,000.

The project operates year round continuing to base its operation on a three phase reduction program, giving priority in this order:

Source reduction, by proper ditch maintenance and water manipulation the mosquito breeding areas are eliminated.

Reduction at the source, with small amounts of insecticides applied at breeding source millions of mosquito larvae and pupae can be destroyed.

Reduction of the source, or adult control, by space spraying or fogging the elimination of many flying mosquitoes of one generation, thus reduce the next.

With this as the basic plan for control the following was accomplished in the Town of Cohasset this past year.

Source Reduction

1950 feet of drainage ditch were reclaimed. 490 feet of new drainage ditch were trenched. All this to prevent water from becoming stagnant enough to produce mosquitoes.

Reduction at the Source

800 acres of small isolated woodland swamps were pre-hatch treated with dust upon ice in winter months to prevent the development of mosquito larvae as it hatches. 900 acres of larger swamp areas were larval treated in the spring of the year by air from a helicopter aircraft to control mosquitoes of the early season.

During the summer season many wet areas have to be checked continually, such as salt marshes, quarries, rock pools and roadside ditches and wherever mosquito larvae was contained they were treated. 142 gallons of insecticides were applied for this larval control.

The mosquito giving the most problem this year was the *Culex pipien*, or more commonly known as the house mosquito. The reasons for such problems are: They can breed in almost any type of container of standing fresh water. They are many brooded with short hatching cycle, breed in great numbers around the home and readily seek inside shelter for their resting places. With the deluge type rain showers of the past summer, the many areas capable of breeding *Culex* mosquitoes were impossible to keep up with. The project's concentrated efforts were

centered around spraying storm catchbasins, roadside drainage ditches and polluted water holes, such as quarries, these being the greatest sources of this species. It was necessary to expend 250 gallons of insecticide to treat 1407 catchbasins in the Town of Cohasset this year, along with treating many small wet areas, as much as six times throughout the summer.

Reduction of the Source, or adult control

With the culex mosquito, the mosquito that breeds around the home and seeks to rest within the home, large scale space spraying and fogging is not too effective. It became mostly a problem of educating the public as to what they could do around their own homes to keep mosquitoes from breeding and what and when to spray within the home. This project had four articles published in local newspapers and radio this year. It met with some success. However, there still remained our annual amount of a thousand calls requesting neighborhood spraying or fogging.

In the Town of Cohasset 583 gal. of insecticides were space sprayed for adult mosquitoes by hydraulic sprayers or mist blowers.

When weather and other conditions were favorable an insecticidal thermal fogger was used. 2 gallons of insecticide and oil in a fog were applied at the rate of 15 acres to the gallon.

The insecticides used in the past year by the South Shore Mosquito Control Project were:

- DDT Dust
- DDT Emulsions
- Malathion Emulsion
- Malathion Miscible in fog oil
- Naled DiBrom 14 in fog oil
- Baytex Emulsion (catchbasins)
- Abate #4 Emulsion (larval)
- #2 oil

All these insecticides are registered and are labeled for use in mosquito control. When they are formulated

and applied in accord with and at no greater amounts than their labels recommend to be proper for mosquito control operations they pose no hazard. However, in the foreseeable future there shall be some curtailments or restrictions to the use of many chlorinated hydrocarbon insecticides, such as DDT. To replace these are many newer insecticides coming into use each year. These have all been developed with the purpose of offsetting the disadvantages and ill side effects of many of the older insecticides. These new insecticides shall cause some changes to mosquito control. The main one being their cost. They are a good deal more expensive. They are also limited in their use and effect.

These changes must be made for as it is the project's duties to make the area as free of mosquitoes as possible, it is also duty bound to operate in such a way never to be a hazard to persons, wildlife or environment.

The Project wishes to acknowledge the help received from officials and departments of the town and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY

There have been several firsts integrated into the Library System this past year. The Library hours have been expanded to include evening hours and we are now open until 8:30 on Tuesdays and Thursdays from September to June. Mr. James Sullivan is Librarian in charge during the evening hours.

The Reference Department has been expanded by a Federal Grant of \$325. This money enabled us to purchase books for a more comprehensive collection. We are expanding our collection of Recordings to include selections of Poetry, Light Opera and Musical Comedy, and have plans for still further expansion in this field as in all others. We now have a collection of Art Books complete with slides for viewing at home or in the Library. This collection was purchased with money from the Mildred C. Towle

Memorial Fund. Our foreign language collection, especially the French section, is gradually being enlarged and brought up to date. For the first time the Library was represented in the Youth Day Parade. The costumes and car decorations were planned by the Library Pages.

The Story Hour on Saturday morning is very well attended and ably conducted by our Children's Librarian, Mrs. Wood. We are proud of our almost continuous Art Exhibit and grateful indeed to the South Shore Art Center.

Statistics for the year are as follows:

New registrations	438
Registrations withdrawn	603
Number of books added	1,787
Number of books withdrawn	1,041
Total volumes in Library (est.)	30,005
Adult circulation (est.)	51,593
Juvenile circulation (est.)	31,830

Respectfully submitted,

REPORT OF THE PLANNING BOARD

For the second time, the voters of the town turned down the proposed new zoning by-law at the last annual Town Meeting. The Board was disappointed by this action as it felt there were many provisions contained therein that in the long run would be helpful to it and beneficial to the town.

There were but three subdivisions approved during the year, two in the Beechwood section and labelled Flintlock Ridge and Lawrence Lincoln's land, and the other off Pond Street called Lantern Lane. The Flintlock Ridge development was at first submitted showing some 103 lots, but later an amended plan was filed cutting the number of lots to 53. The Lantern Lane development contained 11 lots. The land of Lincoln contained 15 lots.

It is felt that the current tight money market has made a definite impression on subdividing available building land in the town. Twenty six plans were presented where approval under the subdivision control law was not required. Generally, these plans divided an existing lot into two lots, but in one instance thirteen lots were created out of one existing lot.

During the course of the coming year, the Board plans to develop some of the more important ideas contained in the Benjamin Report.

The cooperation of the officials, boards, and employees of the town during the past year is greatly appreciated.

Respectfully submitted,
JAMES M. GRAHAM, JR.
Chairman

REPORT OF THE
SUPERINTENDENT OF SCHOOLS

In my twenty-fifth report as your Superintendent of Schools I wish to reiterate a concern to keep the lines of communication open between the citizens and the Public Schools. I hope that the publication "Your Cohasset Schools" has contributed to that end. Obviously the brevity of this report precludes more than a skeleton outline of our organization and nothing of our detailed activities. However, parents and interested citizens are always welcome to consult us or our staff members by appointment. Also the Parent Teachers' Association has cooperated by means of open houses and informative programs in disseminating information.

One common theme in our organizational methods and teaching approaches, both at kindergarten and senior high level, is to pace students at a rate most suitable to them as individuals. To this end our grouping and regrouping practices, our emphasis on instructional learning center, our guidance programs, our teaching techniques, our testing schedules, and our special teachers are all part of our efforts to accomplish that objective. Never-

theless, I am disturbed by a situation which could destroy much of the progress toward excellence which we have made. This is the lack of facilities and overcrowded conditions at the secondary school level. Presently progress toward its solution is moving more slowly than I had hoped. In an already overcrowded building the projections for September of 1967 indicate an increase of forty pupils. The present projections show that the capacity of this school should be increased to care for 900-1000 pupils within ten years. Therefore the need for the proposed High School addition is urgent and immediate.

To provide for expansion of the elementary level, the extent of which is not clear as yet, the cafeteria room at the Joseph Osgood School will be converted to two classrooms. Currently the lunchroom program at this school is being conducted in the auditorium with food prepared in the High School kitchen, thus effecting economical operation.

At present we are cooperating with eight neighboring towns in a planning grant under Public Law 89-10, Title III. Application will be filed for an operational grant under the title of "Project Lighthouse", the goal of which is to provide more meaningful education for our children through creative use of cultural and natural resources of the area. Other federal funds used locally are granted the town under Public Law 874 and Public Law 864 and are applied to the general support of the schools.

I am especially proud of our staff of teachers who show a professional interest in their work. During the past year 38 staff members have been enrolled in accredited institutions, and 182 semester hours of credit were earned.

At this time I should like to record my appreciation for the twenty eight years of service in the Cohasset Public Schools by Mr. William McArthur. His record of safety in the transportation of many hundreds of school children was perfect over the years.

I wish to thank the School Committee and all staff members for their cooperation during the past year.

Respectfully submitted,
WILLIAM RIPLEY, JR.
Superintendent of Schools

REPORT OF THE SCHOOL DENTIST

To the Board of Health
 Cohasset, Massachusetts

Gentlemen:

The following report on dental services at Joseph Osgood and Deer Hill School Dental Clinics is submitted for the period from January 1, 1966 to December 31, 1966.

Restorations

Silver Amalgram (with and without cement bases)	391
Synthetic Porcelain	4
Anodyne	12

Extractions

Deciduous Teeth	67
Permanent Teeth	None
Prophylactic Treatment	92
Examination without treatment	112

Weekly clinics continued while schools were in session and the usual repair, elimination of old and new decay, and general oral rehabilitation was maintained.

Home care should be stressed to a greater degree, especially in regard to eliminating food stuffs from the

teeth immediately after meals. It has been proven that this practice reduces an appreciable portion of necessary restorative measures.

I wish to show my appreciation to the school staff, especially to Mrs. Gormley, for many favors during clinic sessions.

Respectfully submitted,

WILLIAM G. MATTESON, D.M.D.

REPORT OF THE SOUTH SHORE REGIONAL SCHOOL DISTRICT COMMITTEE

This has been another most gratifying year. June 1966 marked the end of our fourth school year, and the number of job opportunities was twice the number of graduates. The pay offered was higher than ever. Industry is obviously aware of the quality of our graduates.

The Evening Trade Extension Courses and the Man-power Retraining Programs were both well attended this year and the graduates were well received by the industrial community.

Our activities were increased again this year by the inauguration of an Occupational Preparatory course which has been under study for the past two years. This course is conducted in cooperation with the school departments of the regional towns. The boys receive their academic classroom work in their local high school each morning and their shop practice and related classroom work at the regional school each afternoon. Transportation is provided both ways by the regional school, and over fifty boys are presently enrolled in three subject areas. If this program proves to be successful, other areas of study will be added. Presently, courses are offered in carpentry, auto mechanics and auto body.

The principal objective of the Occupational Preparatory Training Program is to provide terminal students with marketable skills. This pilot program is the first of its kind in the country. Graduates will receive a certificate from the Regional Vocational School, and a diploma from their respective high schools. It is hoped that this new program will help to relieve the occupational problems of the high school graduates who seek employment rather than continue their schooling. An added feature of this innovation is the distinct probability that some of those who participate may be admitted to the higher level regular vocational programs.

In addition to the four major programs now being operated by the school, the facilities are made available to several organizations for instructional purposes during the summer as well as the winter months. Thus, for a considerable part of the year, the facilities of the school are being used ten to twelve hours per day. It is hoped that in the future we can enlarge our activities to serve more of our youth and more of our adult residents.

As has been our policy in the past, the Advisory Boards and Finance Committees of all regional towns were invited to attend the School Committee budget meetings and to participate in the discussions. This has been a most effective arrangement since it allows active participation in the discussions and decisions being made.

The only regrettable aspect of the entire situation at the school is that more good average boys are not availing themselves of the outstanding opportunities for profitable employment and good citizenship by seeking enrollment at this excellent facility. It is hoped that applications from Cohasset will increase.

JOHN A. GEARY

Cohasset Representative South Shore
Regional School District Committee

1966 SCHOOL COMMITTEE REPORT

This was another active year for your committee. In addition to the regular monthly meetings there were four special meetings plus numerous sub-committee meetings. A new feature of our meetings is attendance by reporters from the Quincy Patriot Ledger and Cohasset Cottager along with representatives of the P.T.A. and League of Women Voters.

It should be recorded that the General Court and Governor Volpe put into effect on April 15 a 3% Sales Tax Law. Thus the Commonwealth will now be able to provide more generous support to cities and towns for educational purposes than provided by the old law.

A grant under Title I of Federal P.L. 89-10 enabled Cohasset to engage a Special Counselor who will furnish guidance service at the Deer Hill School as well as counseling for any educationally deprived students in the entire system.

Another technique in management was imposed on the committee by a new state law, Chapter 763, Acts of 1965, which permits collective bargaining by municipal employees including teachers. Upon request and without a representation election, the committee recognized the Cohasset Teachers Association affiliated with the Massachusetts Teachers Association and with the National Education Association as the agency representing the professional staff. In November, negotiations for the school year 1967-68 brought about an agreement for an increase in the minimum rate from \$5300 to \$5600. Under Cohasset's ratio salary schedule this will change the maximum rate for a teacher with a masters degree from \$9354 to \$9884.

The Committee expanded the Summer School program to include 183 pupils from grades 4, 5 and 6 at Deer Hill School along with 96 pupils at the High School. Utilization of our facilities during the summer for enrichment and remedial courses appears to be a trend that will increase in popularity.

As the year closes we are disappointed that the proposed addition to the High School has not come before the town. The broad program of studies designed for the individual abilities of 650 students is taxing the facilities built for an enrollment of 600 and a more limited program. With prospects of 690 students next September, the ingenuity of the administration will be severely tested to provide a schedule for the available space without curtailing the educational program. We look forward to the support of all citizens in approving the completion of the present High School site to provide educational and athletic facilities sufficient for 900 students.

The committee thanks Superintendent Ripley for his ceaseless efforts on behalf of our public schools.

Respectfully submitted,

SUMNER SMITH, JR., Chairman
KATHERINE STANTON
LOT E. BATES
PAUL M. DONOVAN
T. GERARD KEATING
LOUIS N. SIMEONE

REPORT OF THE AARON RIVER COMMITTEE

At the 1966 Annual Town Meeting, a sum of money was appropriated for cleaning Aaron River to relieve flooding during high water.

A contract was awarded to Ernest Minelli of Hull, Massachusetts; but due to continued wet conditions since the award, the contract was not performed during this past year. The contract is still effective and it is expected that completion will be realized during the summer of 1967.

Respectfully submitted,

AARON RIVER COMMITTEE

GEORGE E. HALEY
STEWART S. SARGENT
ROBERT C. BRIGGS, Chairman

REPORT OF THE FIRE DEPARTMENT

Herewith submit the report of the Fire Department for the year ending December 31, 1966.

SUMMARY OF ALARMS AND EMERGENCY CALLS

BELL ALARMS	79
STILL ALARMS	<u>243</u>
Total	322
False, needless and accidental alarms	17
Grass and brush	72
Vehicles	21
First Aid, resuscitation and inhalation	18
Mutual Aid to Hingham	10
Mutual Aid to Scituate	6
Mutual Aid to Hull	17
Smoke and gas investigations inside buildings . . .	44
Smoke and gas investigations outside buildings . . .	10
Buildings and structural fires	30
Automobile and truck accidents	10
Lock-outs, aid to persons and animals	45
No School Signals	3
Miscellaneous	19

In the control and extinguishment of the above fires and emergencies the following amounts of ladders, hose and oxygen were used.

Feet of ladders raised	1,293 feet
Feet of 3/4 inch hose used	20,185 feet
Feet of 1-1/8 inch hose used	4,875 feet
Feet of 1-1/2 inch hose used	5,600 feet
Feet of 2-1/2 inch hose used	<u>7,200 feet</u>
Total number of feet of hose	37,860 feet
Oxygen (used in resuscitation and inhalation)	272.9 cu ft.

INVENTORY OF AUTOMOTIVE EQUIPMENT OF THE FIRE DEPARTMENT

COMPANY	TYPE OF EQUIPMENT	STATIONED	MAKE	YEAR
Engine 1	750 GPM Triple Combination Pumping Engine	Headquarters	Pirsch	1954
Engine 2	500 GPM Triple Combination Pumping Engine	No. Cohasset	Mack	1950
Engine 3	750 GPM Triple Combination Pumping Engine	Headquarters	Pirsch	1961
Engine 4	500 GPM Pump - 400 gal. water tank	Headquarters	Ford	1953
Ladder 1	65 ft. Junior Aerial	Headquarters	Pirsch	1947
Forest	500 GPM Pump - 400 gal. water tank	Headquarters	Dodge	1955

MISCELLANEOUS VEHICLES

TYPE OF VEHICLE	DEPARTMENT USE	MAKE	YEAR
Four door Sedan	Chief's car	Ford	1967
Panel Truck	Lighting Truck (Department Made)	Ford	1953

As proposed in the budget for 1966, Engine 2 a 1950 Mack, was given a major overhaul. This included a complete rebuilding of the motor, a new water tank, necessary repairs to the pump, relocation of the booster hose reel and enlargement of the hose body. This work should extend the life of this vehicle for a few more years.

During the course of the year routine maintenance and lubrication was done by the firefighters on duty. Tires, batteries and so-forth are changed and installed as the need arises.

The location and response of the apparatus was re-aligned to get the fullest use of it.

PERSONNEL

There are presently sixteen permanent officers and men on the roster of the Fire Department. They presently work a 56 hour work schedule which results in their being divided into three platoons, each platoon is commanded by an officer.

The distribution of manpower was re-aligned during 1966 due to the shortage of personnel and this re-alignment made it necessary to close the Beechwood Fire Station.

The availability of call firefighters during the day is not as good as in past years. These men are not in Town or if they are they are not available to the department.

This lack of personnel on-duty is of serious concern to the Town and has a serious effect on the efficiency and operation of the department.

Relief Man - - - - -

- - - - -

- - - - -

*Richard P. Grassie was employed on a temporary basis to allow the completion of the vacation schedule. This position was open due to the retirement in February of Frederick N. Edwards.

The duties of the relief man would be to fill the vacancies that occur due to sickness, vacation and injured leave. If a relief man could be provided it would allow greater use of personnel during non vacation periods for fire prevention uses, training and other important department duties.

CALL FIREFIGHTING PERSONNEL

A call firefighter upon the sounding of an alarm leaves his work or home and responds to the fire...this call may come at any time of the day or night. Their duty is to supplement the regular firefighting force. The spirit of helping someone in need is first in their minds and for this reason they deserve the thanks and appreciation of the townspeople. The rate of compensation is not great but the risks involved are...their dedication and devotion to duty are to be commended.

These call firefighters are assigned as follows:

HEADQUARTERS:

Engine 1	C.W.Frates, Captain W.E.Poland J.A.Silvia B.W.Pratt	E.J.Antoine E.H.Pratt R.L.Yocum	T.M.Healy, Jr. R.W.Rosano R.P.Grassie
Engine 3	D.F.Ainslie H.E.Marsh V.E.Tibbetts	J.J.DelSasso D.Souther L.L.Davis	D.L.Kelley M.H.Stevens J.F.Collins, Jr.
Engine 4	E.P.Barrow W.D.Enos	N.J.Delaney H.H.Ritter	C.J.Dickson J.A.Migliaccio

Ladder 1	R. V. Andrews	R. A. Dion	A. E. Frates
	E. P. Malley,	W. H. McArthur	R. F. Leonard
	Captain	H. Williams, Jr.	J. W. Rosano
	F. H. Tilden		
	H. M. Silvia		

Fire Alarm	E. R. McArthur,	B. J. Salvador, Jr.	M. E. Salvador
	Jr.		

NORTH COHASSET

Engine 2	A. L. Clark,	C. T. Cheshire	A. R. Emanuello
	Captain	P. V. Emanuello	S. P. Kent
	D. R. Emanuello	L. D. Sorrentino	C. Pape
	J. M. MacNeill		

STATIONS AND EQUIPMENT

With the exception of the headquarters of the Fire Department the condition of the remaining buildings is poor. These old buildings have long ago outlived their usefulness...the quarters are cramped, the garage space is far from adequate, they are poorly located and are poor examples of a fire safe building.

In the year 1966, as in every preceeding year, the replacement of a small amount of fire hose which is no longer capable of dependable service was carried out. The department has made a practice of purchasing quality fire hose, given it the best possible care; which includes washing, drying and inspection; and in return gets much longer usable life from each length of hose.

The many different types of tools and appliances of the department were inspected and maintained by the on-duty firefighters on a regularly scheduled basis. I am pleased to state that the nozzles and fittings of the department were replaced as needed and added to in previous years. This has and will result in considerable savings due to the tremendous price increase in brass goods during 1966.

Three different and special types of equipment were added to that of the department...

1. two additional self contained breathing masks were placed in service. They carry their own air supply and give greater protection against the toxic gases and smoke encountered in firefighting today.
2. a portable water vacuum which will greatly reduce the amount of water damage resulting from firefighting was placed in service. This will aid in reducing the amount of damage to floors and ceilings.
3. a hand operated high expansion foam nozzle. This device was used at an incident involving an automobile and the pumps at a service station about 48 hours after being put into service. The purpose being to cover the highly flammable liquid with a blanket of foam to exclude the oxygen and eliminate the possibility of a serious fire.

RECOMMENDATIONS

As in preceding years I must again recommend for your serious consideration the addition of at least two permanent firefighters to the department. The activities of the department continue to show an increase year by year and the on-duty strength of the force shows a decrease. This condition cannot remain in existence if the department is expected to provide even the barest of service. If some consideration is not given to this request a serious and tragic fire is going to result from the failure to recognize the need of an effective initial striking force. The department must be able to assemble sufficient apparatus and manpower at the time the alarm is received or the results are going to be the loss of life and loss of valuable taxable property. Each taxable structure lost by fire places the burden on the remaining taxpayers to meet the financial needs of the town.

APPRECIATION

Even though the laws of the Commonwealth require a permit for fires in the open I would like to thank the townspeople for their cooperation in obtaining them. It is interesting to note that as the number of such permits increases the number of grass and brush fires show a decrease. This action on the part of the people results in

asavingprimarily in the expenditure of funds for the labor required in extinguishing such fires. In the year 1965 1,496 permits were issued for open air fires and the department responded to 75 grass and brush fires...in 1966 ...2,164 permits were issued and the department extinguished 72 such fires.

In the year 1966 the department lost through retirement a permanent firefighter with 36 years of service.

Frederick N. Edwards Appointed 12.1.30 Retired 2.28.66

The following call firefighters resigned due to a change in residence.

Lawrence R. Curley Appointed 2.15.61 Resigned 12.1.66

Stephan B. Taylor Appointed 7.30.60 Resigned 12.1.66

In conclusion I would like to extend the thanks of this department to the citizens of Cohasset, the Board of Selectmen, the heads and members of all town departments and boards, the call firefighters and the permanent officers and men of the department for their cooperation, guidance and assistance during the past year.

Respectfully submitted,
CHARLES PIEPENBRINK
Chief of Fire Department
and Forest Warden

REPORT OF THE BOARD OF HEALTH

PERSONNEL

Anthony W. Vento R.S.: Health Agent and Milk Inspector
William Matteson, Jr.D.M.D.: School Dentist
Freddie Peterson, M.D.: Pediatrician, Well Baby and
Well Child Conference
Donald P. Smith, D.V.M.: Inspector of Animals and
Slaughtering
Mrs. M. Medeiros, R.N. and Mrs. Helen C. Atwood, R.N.:
Public Health Nursing Services by Contract with the
Social Service League
Edwin H. Pratt and Charles T. Patroia: Plumbing In-
spectors
Manual P. Silvia: Superintendent of Town Disposal Area

This year the board has enjoyed a unanimity of purpose, that of attempting to administer the sanitary code in the best possible manner. In so doing we have been aided tremendously by the efficient and conscientious work of the Health Agent, Mr. Anthony Vento. It is only appropriate that we take this opportunity to publicly commend him.

We have this year also revised, and in some instances, instituted fees for licenses and permits. This was done so that we may have better control and knowledge of those persons who will be engaged in the various activities over which we have jurisdiction, and the nominal fee may help to defray the clerical expense in the recording of these permits.

In the last five months of the year we have operated under a revised state sanitary code. A code that is somewhat stricter in its requirements and which will entail a moderate revision of our own sanitary code early in 1967.

Needless to say the board is extremely grateful to its very willing and efficient personnel for a job well done in 1966. This includes our 'borrowed' clerical and secretarial staff.

TOWN DISPOSAL AREA

Hours: 8:30 a.m. to 5:30 p.m., daily except Monday and Holidays

The disposal area has been maintained in a sanitary condition under the efficient operation of the Superintendent. An extension of the fence has been accomplished at the gate.

As you know, the disposal area is constantly expanding. Expansion means more gravel, which is expensive, more work and care by the superintendent, more supervision by the Board of Health, and more cooperation by the citizens who use it. The Board is constantly striving to maintain the disposal area in a sanitary condition and also improve this area to the limit that the budget will allow.

At this time, we would like to ask for the cooperation of the townspeople to place their garbage in the containers provided, to dump over the edge, or as close to the edge as possible, and to properly secure their trash in their vehicle on the way to the disposal area. Your cooperation is appreciated.

Casework Report

Mrs. Frances Wright, Social Service League

Seven Board of Health cases were carried over from 1965 and three of them are still active. Three new Board of Health cases have been opened in 1966; one cardiac patient in need of hospital arrangements, one handicapped adult for whom rehabilitation plans are needed, and one handicapped child in need of special equipment. Two of these are still active, leaving 5 cases to be carried to 1967.

Dental Clinic

A report of the Dental Clinic, sponsored by the Board of Health, will be found in the report of the School Department.

EDWARD A. McCARTHY, M.D.,
Chairman
RENE G. CHIASSON, Secretary
WILLIAM J. MONTUORI, Member

REPORT OF THE RECREATION COMMISSION

Portable bleachers have been installed at Milliken Field. Public toilet facilities were replaced under the cement bleachers at Milliken Field and steel doors were installed to protect the facilities from vandalism. Lights were installed at Cushing and Mealey Pond for night skating.

A committee was formed comprising all recreational organizations and interested citizens of the town to study the feasibility of combining all recreation groups. The commission attended meetings and met with Recreation officials of other towns in order to establish better recreation programs here in Cohasset.

A summer recreation program was conducted at Hull Street playground, mutually sponsored by the towns of Hingham and Cohasset. An extended summer program for other sections of the town is presently under study.

At this time we wish to express our appreciation to Superintendent of Wires, Parker Malley, Highway Surveyor, Louis C. Bailey, Jr., Superintendent of Milliken Field, M. J. Sullivan and the selectmen for their cooperation in our past endeavors.

The Recreation Commission will continue to work for better Recreation Programs and improvements in park maintenance and supervision.

Respectfully submitted,

HAROLD BARNES

REPORT OF THE COHASSET PUBLIC SEWERAGE STUDY COMMITTEE

The Study Committee reports the following developments in 1966.

The Study Committee met several times prior to the March 1966 Town Meeting to review and discuss matters related to public sewerage. After careful study, the Committee voted to present articles to the Town Meeting proposing the construction of a system of sewers, designated on published plans as Phases One, Two and Three-A.

Reaction by the Town Meeting was mixed. The citizens voted to construct the sewer system as proposed, but voted to postpone action indefinitely on those sections of the article requesting appointment of sewer commissioners, funds for construction, and apportionment of cost.

Later in 1966, at the request of the School Facilities Committee, and with the approval of the Advisory Committee, the Sewerage Study Committee examined alternative methods of sewage disposal for the high school and its planned addition. After discussion with engineers, the School Facilities Committee, and the Massachusetts Department of Public Health, and after deliberation, the Committee selected Plan A, recommending that the plant already approved by the Town be constructed, and that a main, capable of serving residences on Pond Street, be laid along Pond Street from the high school to the plant. The Sewerage Study Committee noted that this plant would be large enough, without expansion or alteration, to serve all present and future schools. It further noted that the plant could later be expanded to serve residence and business sites throughout the Town.

BRONSON H. WATERMAN
JOHN A. CALABRO
WILLIAM MORTON

REPORT OF THE BOARD OF SELECTMEN

The untimely death October 4, 1966 of Nathaniel Hurwitz was a keenly felt loss to all in the Town Hall. We who were privileged to work closely with him perhaps felt it most of all. He made many contributions of his time for the general welfare of the people of the town serving, among other posts, in the Great and General Court, the Cohasset Board of Health, as well as the Board of Public Welfare, the Assessors, and this Board.

With the exception of the Aaron River project, the completion date for which has been postponed to July 1967, the matters entrusted to the Board of Selectmen by the 1966 Town Meeting have been accomplished.

During the year the Commonwealth acquired the Hingham Ammunition Depot Annex to be maintained for purposes compatible with the overall desires of the Town for this area.

The long awaited Federal Harbor Dredging Project inched along to the point that, at year-end the Army Engineers advised that bids would be advertised in January 1967 and that the contract should be completed before the 1967 boating season begins. We, who also serve, can only stand and wait.

All town buildings are in good condition, and such repairs as are necessary are made as soon as possible.

The standards and morale of the town departments continues high and interested and efficient service to the townspeople is one of the beneficial results.

Respectfully submitted,

GEORGE W. McLAUGHLIN,
Chairman
HELEN E. SCRIPTURE

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Cohasset:

Submitted herewith is the report of the Highway Surveyor for the year ending December 31, 1966.

The Department worked on street drainage during the winter and spring. Forty-eight standard catch basins were installed and 4052' of 10" and 12" pipe was laid. Three and one-half miles of Mix-in-Place was laid in various sections of Town. 2450' of asphalt was put down on South Main Street.

The sand and debris from the winter storms was quickly picked up by the Town owned Sweeper. Catch basins were cleaned and the general maintenance work on street signs and fences was continued.

Chapter 90 construction and maintenance funds were applied for. The construction funds will be used on Elm Street and the maintenance funds on South Main Street.

An effort will be made to install a fence on Jerusalem Road near Bow Street, and across the causeway.

Work will be done on the following streets: Parker Avenue, Clay Spring Road, Bayberry, Tupelo and Arrowwood Road.

Your Highway Department thanks everyone for their help and cooperation during 1966.

Respectfully submitted,

LOUIS C. BAILEY, JR.

Highway Surveyor

TOWN ACCOUNTANT'S REPORT

I herewith submit my annual report in accordance with Section 61 of Chapter 41 of the Tercentenary Edition of the General Laws, for the year ending December 31, 1966, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and a balance sheet showing the assets and liabilities and trust accounts.

In accordance with Section 57 of Chapter 41 of the Tercentenary Edition of the General Laws, you will find a detailed report of the Town's Debt which amounts to \$1,418,000.00 with the amount of interest due in 1967 of \$35,263.00 and principal of \$152,000.00.

The records of permits and licenses issued by the Selectmen and other departments, receiving money for the Town or committing bills for collection were examined and checked, the reported payments to the Town Collector and Town Treasurer being compared with the Treasurer's recorded receipts, also the Savings bank books and securities representing the investment of the several trust funds in the custody of the Town Treasurer.

During the year, the Treasurer's cash balance was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

A complete audit of the books and accounts was made by the Department of Corporations and Taxations - Bureau of Accounts, as of August 31, 1966, at which time they were found to be correct with all funds properly accounted for. A detailed report of the audit can be seen in the Town Accountant's office anytime.

In closing, I wish to take this opportunity to thank all departments for their sincere cooperation this past year.

MALCOLM H. STEVENS

Town Accountant

REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen:

The following is the annual report of the Wire Department for the year 1966:

Electrical Installations and Repairs

Repairs and new work to Town-owned buildings and properties were exclusively handled by the Wire Department.

Wire Inspection

All work done by electrical contractors was inspected, and permits and fees for this work were filed with the Town Accountant and Treasurer.

Fire Alarm and Traffic Signals

Overhead wire, cross arms and hardware were installed throughout the Town where replacement was deemed necessary.

All fire-alarm boxes were inspected and cleaned throughout the Town to assure proper functioning.

I wish to express my thanks to the Honorable Board of Selectmen, all Town Officials, and to the men who worked with me.

Respectfully yours,

EDWARD P. MALLEY

Superintendent of Wires

CIVIL DEFENSE REPORT

I herewith submit the Civil Defense Report for the year ending December 31, 1966.

The emergency hospital stored in the Deer Hill School was completely inventoried, medical supplies were replaced and added to where needed.

The town warning system was inspected periodically. Regular monthly radio drills were held in conjunction with Sector 2D Headquarters.

Two statewide exercises were held to test the ability of local communities to receive a warning notice. Through the excellent co-operation of the police and fire departments who receive these messages we were able to respond quickly and accurately.

Program papers and staffing reports have been prepared and filed as required.

A program of training instructors to teach "Medical Self Help" was started and 4 instructors have been certified.

There are 27 ammunition bunkers located in the Ammunition Depot Annex that are licensed as fallout shelters capable of housing 4500 people. These bunkers have been fully stocked by the Federal Government. This property is currently being transferred by the Federal Government to the Commonwealth of Massachusetts therefore negotiations are being conducted by the State and local Civil Defense authorities to have the Commonwealth of Massachusetts maintain the bunkers in the same manner as the Federal Government.

In closing this report I wish to thank all who have been interested in Civil Defense this past year.

HARRY H. REED, JR.

Director

REPORT OF PERSONNEL BOARD

The Board met frequently during the year and, after requesting new job classification reports from the Town department heads, did considerable work on the comparative ratings of the Town jobs. As a result of this work some jobs were slightly reclassified.

The Board will ask the Town to increase the pay schedules of its hired and appointed employees.

The amounts to be asked have been determined by finding the position of Cohasset employees as compared with the average pay of the same or comparable jobs in the seven surrounding towns.

On those jobs where Cohasset was found to be below the average, an adjustment will be added. In addition to this all schedules will be increased a cost of living percentage.

It is hoped that the townspeople will find this procedure acceptable and act on it accordingly.

We wish to express our thanks to all who have assisted in the work of the Board this year.

HERBERT R. TOWLE

Chairman

REPORT OF THE BOARD OF PUBLIC WELFARE

The Department processed 61 applications in 5 categories in 1966, of which, 53 were approved. The categories of Aid to Families with Dependent Children and Medical Assistance had the greater number of applications.

139 cases were aided in 1966.

Expenditures for assistance were \$163,836.64 (the cost of Hospitals and Nursing Homes is included in this amount); \$69,564.04 was reimbursed Federally; \$59,402.70 by the State. The extended Medicaid Program to persons under age 65, was the most important change during the year. Children of families of limited income, became eligible for medical care under a Federal Participation Program.

We should like to express our appreciation to Mrs. Wright, Social Worker, and Mrs. Medeiros, District Nurse, and her Staff, for their cooperation in providing services, their assistance and interest in the enrollment of our over age 65 citizens in Medicare. The Town has an invaluable asset in this active organization.

We should also like to thank the School Department for their continued cooperation.

JUANITA J. OLIVER

Director of Public Assistance

The staff of the Social Service League provided the following Nursing Services from January 1, 1966 thru December 31 on orders from the attending physician and approval by the Welfare Department.

Recipients of:	<u>New Cases</u>	<u>Total Cases</u>	<u>Visits</u>
Old Age Assistance	2	5	197
Medical Assistance		2	80
A. D. C.	1	1	26
D. A.		1	<u>12</u>
		Total	315

As of July 1, 1966, the Social Service League of Cohasset, Inc., was Certified as a Home Health Agency qualified to care for Medicare patients. In addition to our Nursing Service, we are able to offer the services of a Medical Social Worker and a Physiotherapist.

Two of the three O.A.A. patients have met the requirement of Medicare B, and one M.A.

CASEWORK REPORT

10 Cases have been carried co-operatively by Mrs. Oliver, and Mrs. Wright, Caseworker, during 1966. 3 of these have needed intensive help because of emotional illness, financial strain, and in one case a need for physical rehabilitation and supportive treatment.

We are greatly appreciative of Mrs. Oliver's immediate help in several crisis situations, and her continuing interest in many cases who may no longer be in need of financial help.

Respectfully submitted,

MYRTLE M. MEDEIROS, R.N.

Director Nursing Service
